### **PART 1: Exploring RCO Certification**

**A Virtual Presentation with  
Lenora Morrow Jeffcoat, ARCO**

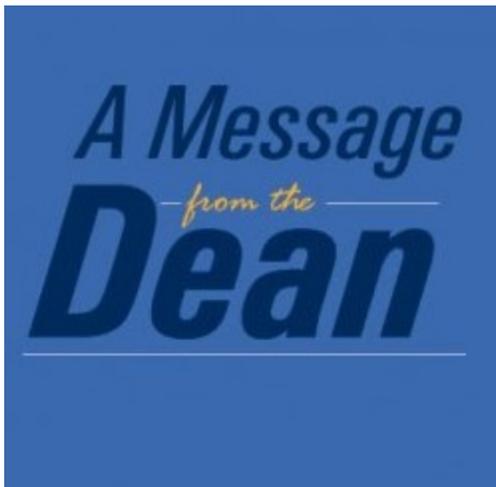

Having obtained the Associate Diploma from the Royal College of Organists, London, in 2018, Lenora Morrow Jeffcoat, ARCO, is now in the process of pursuing the Fellowship Diploma of RCO. She will give a brief presentation about her experience, the testing process, and the college's recent offer of dual membership with AGO. She will also perform selections from the playing portion of her testing. Mrs. Jeffcoat holds degrees in organ performance and musicology from Winthrop University and the University of SC, where she studied applied organ with David M. Lowry

and William H. Bates. She has served as organist in churches in Rock Hill, SC, Columbia, SC, and Memphis, TN, and has taught piano and organ privately. She currently resides in the Columbia area with husband Harry and daughters Lenora Grace (5), and Mary Clare (2). She is a member of the Greater Columbia Chapter of AGO, serving on the Executive Board, and is a member of the Royal College of Organists. *(Photo: Lenora Jeffcoat receiving diploma from Martin Baker, former RCO President, Southwark Cathedral, March 2018.)*

### **PART 2: Brief Discussion of Professional Concerns Where Do we Go from Here?**

Having faced the challenges to our profession presented by the pandemic, what are the challenges ahead? What will the "experts" advise once the majority of the population has been vaccinated? When and how will we return to "regular" worship and to choral and congregational singing? How can we successfully build/rebuild our choirs? As colleagues facing similar challenges, this will provide an opportunity to lend each other support.

As I compose this article for the April issue of our chapter's newsletter, I can't help but think about where we were this time last year. The pandemic was just beginning to have a major effect on our lives. Schools were closing and our places of worship were beginning to cancel in person worship experiences. Little did we know that a year later, many of us would still be offering music in creative ways for worship services. As numbers of cases begin to decline, perhaps we can start thinking about choir rehearsals and in person worship services later this summer or fall.

Through this whole pandemic experience, we have all had to find new and innovative ways to get through our daily lives. The Greater Columbia Chapter of the American Guild of Organists has been no different. I must commend our board on the hard and tireless work they have put into trying to maintain top quality programming in less-than-ideal circumstances. This was quite evident in this year's Young Organist Competition.

For those of you who were able to attend both virtual events on the weekend of March 5-6, you can attest to the fact that our profession might not be in as much trouble as we might have once thought. There were four amazing performances by four different young people. Beginning with Friday night, last year's YOC winner, Laura Smith, performed an amazing program that was presented virtually from her home church in Kansas City. Saturday morning was a program of three high school students from South Carolina, North Carolina, and Louisiana! All three young people presented extraordinary performances from their home instruments. Much appreciation goes to these young people for the hard work they have put into their studies and all the best is wished for them as they move forward in their studies.

I would be remiss if I did not recognize the hard work of the YOC committee. Frances Webb and her team made this year's event possible. They worked hard to make sure that advertising for the event was done as well as having guidelines for the competitors to have in preparing the hymns and literature for the event. I would like to recognize Frances Webb, Barbara Taylor, Debbie Bauer and David Lowry for their efforts in the endeavor. Tony Roof also created a flawless presentation of the videos that were submitted by each performer.

Our chapter is fortunate to have so many dedicated individuals who have a passion for the organ and its music. This passion and dedication is evident in their generous offering of time to the chapter. Without such dedication, we would not have such high quality programming. I must say that I have been very fortunate to work with such amazing people.

This month, we will take a short break from programming before we end our program year in May. Please make every effort to attend before taking a break this summer. I look forward to seeing you at our May event.

Easter Blessings,

Greg

## CEDAR FALLS BAPTIST CHURCH

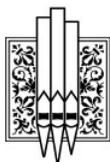

Fayetteville, North Carolina

For 27 years, Don Williams has served as organist at Cedar Falls Baptist Church. In 2011 he contacted R. A. Daffer Church Organs for information regarding a new Rodgers organ to replace the aging 1980s Allen ADC-3100. An organ fund had been started and was growing. Fundraising moved slowly for a number of years until May of 2020, when the church was beginning renovation of the Sanctuary. The church signed a contract at that time for a new Rodgers Imagine 351 with 8 channels of audio, and the new organ was installed late November 2020.
