Choral Techniques Workshop

Improving Blend, Tone, and Intonation

Presenter: Jonathan Hall, DMA**

Saturday, October 3, 2026

10:00 a.m. to Noon

Good Shepherd Lutheran Church

3909 Forest Drive

Columbia, SC 29204

As choral directors, we are always seeking new ways to inspire our singers and help our ensembles reach the next level of artistry. Dr. Hall will begin the workshop discussing how to develop the voice in a choral environment, including the appropriate sequence for warm-ups and the pedagogical approach to developing voices. The focus will be on blend, tone, and intonation. The workshop will then move from theory to practice as workshop attendees sing choral anthems. He'll use these pieces to identify common problems and provide solutions that work quickly in rehearsal.

**Jonathan Hall is an Assistant Professor of Music at Newberry College, where he serves as Chair of the Music Department, and as the Assistant Dean of the Division of Arts, Education, Humanities, & Social Sciences. In addition to his course load, he conducts the Newberry College Singers and is the college organist. He is also the Music Director at Macedonia Lutheran Church in Prosperity, SC. Before entering higher education, Dr. Hall taught music in public schools for 15 years, inspiring students through choral performance and music education. He holds a Bachelor of Music Education and a Master of Music in Conducting from Winthrop University, as well as a Doctor of Musical Arts from the University of South Carolina.

**Columbia area choral directors who are not members of AGO are welcome to join us.
