## **WHO IS INVITED?**

**Anyone, young or old, who wants to learn about pipe organs.**

Do you have youngsters or “oldsters” in your church who love to watch you play the postlude? Have lots of questions about the mechanics of the instrument? Seem fascinated by all of those pipes, keyboards, buttons, and pedals? Please encourage them to attend this program with you. Stephen Spake of Lincoln Pipe Organs will use his technical knowledge to explain aural and mechanical features of pipe organs with Good Shepherd’s beautiful Petty-Madden mechanical action instrument. Then he’ll help our younger attendees build a small pipe organ from a kit that he has constructed. They can bring a short piece of music to try out on the instruments. There will be pizza for everyone at noon. Please join us for a fun morning of learning. Bring family and friends - young, old, and in between!

*Stephen Spake began his career as a full time tuning and maintenance technician, developing his skills as an organ builder by rebuilding and redesigning instruments of all types and makes. Stephen has been with John Dower and Company (now Lincoln Pipe Organs, Inc.) for 20 years, and continues his career of building and maintaining these wonderful instruments. He is devoted to helping young people develop an understanding of and interest in pipe organs.*

## **Yours for the Taking!**

I was contacted this summer by a friend of the Young Organist Competition (non-AGO member) who has generously supported the contest since its inception. An avid listener to organ music, Peter Stewart has through the years recorded many of the *PipeDreams* programs on public radio. His project resulted in 214 beautifully produced and packaged CDs of the programs. Now in their retirement, he and his wife have decided to downsize and he needs to find a home (or homes) for his collection.

Beginning with the September 17<sup>th</sup> AGO program, I will have two boxes full of the CDs at each meeting for your perusal. I hope you will adopt some of these musical gifts from a dear friend of the AGO chapter. These are **FREE** to AGO members. ~ *Frances Webb*

---

Winners of previous Young Organist Competitions continue to make us proud. This summer, Alden Wright, winner of the 2014 competition and Clara Gerdes, second place winner in the same year, both performed on the Stigall Scholars recital series in Charlotte, NC. Alden is in his junior year at Eastman School of Music where he studies with Nathan Laube. Clara has just completed her undergraduate degree at the Curtis Institute of Music and is a first-year graduate student at Yale Institute of Sacred Music.

**MARK YOUR  
CALENDAR!**

Mark your calendars now for the competition on Saturday, March 7, 2020, at Shandon United Methodist Church. On Friday evening, March 6, Jacob Reed, the 2011 winner, will perform a recital at Trinity Cathedral. Be sure to save both dates in celebration of the 10<sup>th</sup> anniversary of the Young Organist Competition.

**The 20<sup>th</sup> of every month is the deadline for the following month's AGO newsletter. Information received after that time may not appear in that month's newsletter.**

# Standard of Excellence

## Catawba College - Salisbury, North Carolina

Catawba College is a small, faith-based (UCC), liberal arts college located about 45 miles north of Charlotte in the quaint town of Salisbury, NC. The 1000-seat Omwake-Dearborn Chapel, named for two former college presidents, is now 55 years old. At the time of the dedication, an electronic organ was in place but was later replaced by a 42 rank 3 manual Casavant pipe organ. Over the years, the pipe organ fell into disrepair and its baroque tonality fell out of favor. Several attempts were made to either repair the Casavant or replace it. Al Murrell, Vice President of R. A. Daffer Church Organs, Inc., built a strong relationship with Professor Paul Oakley and his successor Dr. Phillip Burgess by providing Rodgers Organs for their annual service of lessons and carols. Because of the relationship Al built over the years with college personnel, R.A.Daffer Church Organs, Inc was chosen to build and install the new four manual 84 stop Rodgers Organ. In addition, 17 ranks of the existing Casavant Organ were incorporated into the new instrument. The project which includes new wind chests will be completed in April of 2019. We wish to thank Dr. Phillip Burgess, Associate Chair of Music and

Mr. Bill Graham, Chair of Trustees for putting their trust in our company for this project. The new instrument will enrich the weddings and services that are held in this exquisite chapel for many year
